RE: Case No. 167531
TAKAHASHI TRADING CO. v.
EUROPEAN NEGOCIANTS, et al.

Dear Mr. Rosenberg:

I just wanted to send a quick note to thank you for your efforts as a mediator in the above referenced matter. As you say, the case was personally contentious. I think you discharged that tension on both sides and did a great job getting all us to an economically rationale point. I know you were able to help my client get non-monetary terms we had not been able to obtain on our own and which were essential to our willingness to settle.

Again thanks for your patience, skill and willingness to hang-in there, even after hours.

Sincerely,
