Mr. Rosenberg has handled 4 cases for me since 1999. He is scheduled to handle another in November of 2011.

The first was a pedestrian / automobile collision in which plaintiff suffered significant bodily injury. The second was a complex environmental case involving difficult liability and insurance issues. The third was a big-rig vs. motorcycle accident with high damages. Mr. Rosenberg was able to create consensus and help the parties work together toward a reasonable resolution, in all of these cases.
